ASSEMBLY INSTRUCTIONS

Illustration 1

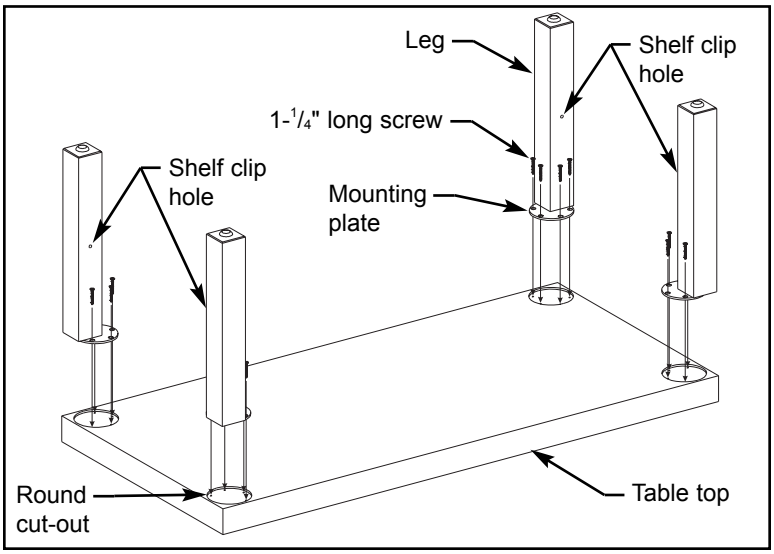

Illustration 2

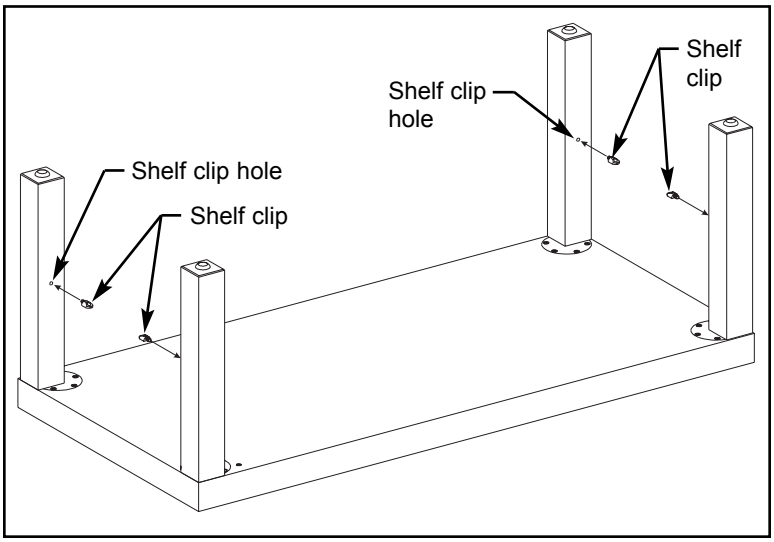

Illustration 3

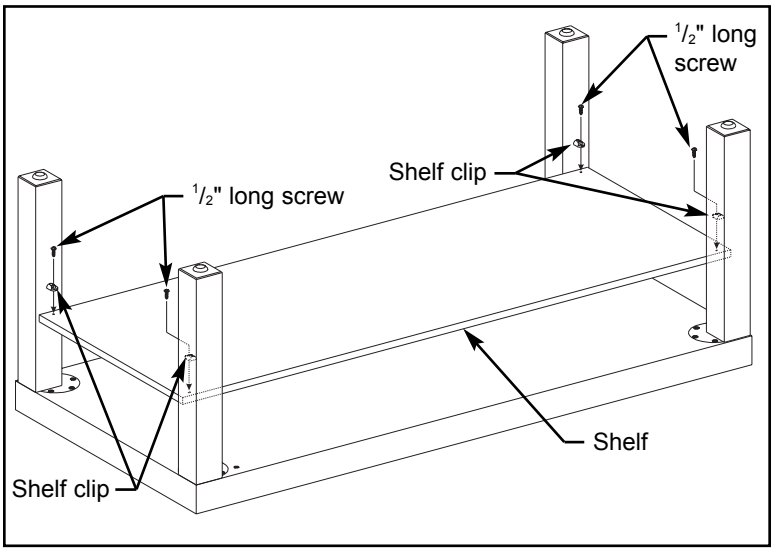

Read all instructions and review illustrations before installing.

Tools required for assembly:
Cordless screwdriver
Phillips driver

This assembly includes:

(1) Table top	(1) Shelf
(4) Leg	(4) Shelf clip
(16) 1-1/4" long screw	(4) 1/2" long screw

⚠WARNING

Wood products are heavier then they appear and may be hard to control when moving. Use two or more people when moving wood products or severe personal injury may result.

Heavy panels can pinch or crush fingers. Do not place fingers between or under panels during assembly.

Installation:

1. Refer to Illustration 1. Lay table top, bottom side up, onto cardboard or a carpeted surface. This is to prevent damage to top finish.
2. Refer to Illustration 1. Locate round cut-outs at each corner of table top.
3. Refer to Illustration 1. Position a leg mounting plate (attached to end of leg) into a round cut-out and align holes in leg mounting plate with pre-drilled holes inside cut-out. Ensure shelf clip hole (drilled into side of leg) is positioned as shown.

   Repeat this procedure for remaining legs and cut-outs.
4. Refer to Illustration 1. Use the cordless screwdriver with Phillips driver to install four 1-1/4" long screws (from hardware pack) through each leg mounting plate and into table top. Take care to fully tighten, but not over tighten screws.
5. Refer to Illustration 2. Insert a shelf clip (from hardware pack) into shelf clip hole drilled into side of each leg.
6. Refer to Illustration 3. Use the cordless screwdriver with Phillips driver to attach shelf to shelf clips. Install a 1/2" long screw (from hardware pack) through each shelf clip and into pre-drilled hole in bottom of shelf. Take care to fully tighten, but not over tighten, screws.
7. Set table upright and position table where it will be used.
