PURPOSE™
Seating

FITS EVERYONE. GOES EVERYWHERE.

The way people work is changing. Less time is spent in isolation, while more time is spent working together. We understand that collaboration can happen anywhere, anytime. As a result, companies need a seating solution that's ready for anything and anyone. Say hello to Purpose. With only a single adjustment for seat height, Purpose is designed to automatically respond to each user's body. No tilt, tension or sync adjustments to master. The result is comfort and support the moment you take your seat.

SHARED WORKSTATIONS

COMMUNITY SPACES

CONFERENCE ROOMS

YOUFIT™ TECHNOLOGY

Purpose features an independent seat and back design that delivers a personal fit and continuous support with three distinct flex zones.

ZONE 1 - BACK SUPPORT
The first flex zone responds to user movement to deliver constant back and lumbar support.

ZONE 2 - BACK RECLINE
The second zone facilitates back recline.

ZONE 3 - SEAT FLEX
The third zone flexes to evenly distribute pressure points in the seat for enhanced comfort.

READY. SET. SIT.

Designed to work wherever you do, Purpose is always up to the task. Purpose encourages a full range of motion to support multiple postures and a diversity of people in shared, teaming, conference and large group environments.
