SLIPCOVER PART

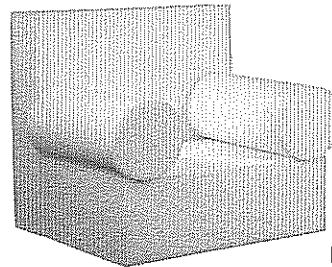

Slipcover [1]

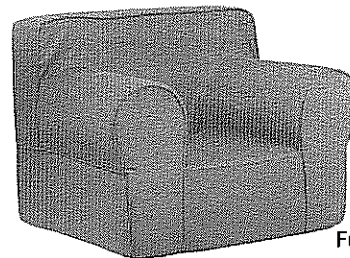

NOTE: Your slipcover ships folded. Before assembling, if you would like to remove the wrinkles, place slipcover in a dryer on medium heat for 15 minutes with a damp towel. Then assemble.

Please familiarize yourself with the Chair slipcover's shape.

1. Locate the zipper on the bottom of the slipcover. Unzip it.
2. Locate the "Backrest" cushion. Place this cushion into the slipcover. It is easiest to fit the sides of the slipcover to the cushion.
3. At the base of the Backrest cushion, within the slipcover, locate 2 fabric flaps with Touch Fasteners on the ends. Fasten these over the end of the Backrest Cushion to hold it in place. Pull as tight as possible.
4. Insert the "Arm" cushions. Fit them into the arm shapes of the slipcover and fasten the flaps with Touch Fasteners as you did with the Backrest cushion.
5. Insert the "Seat" cushion.
6. Zip slipcover closed. Adjust cushions so they fit well within the slipcover.
