MODEL NUMBER: P044-06I

L5-20R to 5-20P heavy-duty power adapter transforms a NEMA 5-15/20R straight-blade outlet to a locking L5-20R outlet.

Features

Heavy-Duty Power Adapter Connects Devices That Require a Heavy-Gauge Connection This heavy-duty adapter features 12 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. The six-inch power adapter transforms a NEMA 5-15/20R straight-blade outlet into a locking L5-20R outlet. It is also a recommended replacement or upgrade of a standard power cord provided by the device's manufacturer.

Locking L5-20R Connector Helps Prevent Accidental Disconnection and Expensive Downtime Having a cable come loose accidentally can mean the loss of power and costly downtime. The locking NEMA L5-20R connector helps you avoid such danger, protecting critical equipment by maintaining a secure link without failure. The locking adapter is also invaluable when moving equipment in a rack or removing equipment from tight areas, ensuring the power cord always stays connected.
