

HSM® SECURIO

B34 office shredder

Large Volume, High Performance

- Energy Management Control System Eco Smart: particularly low power consumption of 0.1 watt in standby mode
- Automatically switches to energy-saving mode in 2 minutes after last use; switches off entirely if not used for 1 hour; temporary mode for small shredding jobs; and permanent mode for large shredding jobs
- Multifunctional control key with reversing function
- Shred bin level indicator
- Removable CD waste container on Level 2 and 3 models
- Folding safety element
- Cutting rollers are V-TEK by HSM with specially hardened steel rollers. This optimum design of all cutting unit components saves valuable energy.
- Continuous motor operation
- Quiet Operation feature shreds documents with a pleasantly quiet operating sound
- Equipped with Anti-Jam technology to easily and quickly reverse out paper in the event the machine is overloaded
- Optional: Automatic oiler for cross-cut and micro-cut ensures long time cutting performance and quality
- 34 gallon waste bag capacity; Part #HSM1815
