The vacuums in the Sanitaire Quiet Clean line will help you increase productivity, and ultimately, reduce operating costs.

**Work Longer.**

With the growing trend toward working longer hours and cleaning during the daytime, a quieter vacuum is a must. Operating at less than 70 decibels, the Quiet Clean line lets you clean 24/7 without disrupting the environment around you.

**Air Clean. Go Green.**

Most Quiet Clean models have a sealed HEPA filtration system that captures 99.97% of allergens and pollen down to 0.3 microns. All are CRI Approved and meet all equipment requirements set by LEED guidelines.

**Reduce Maintenance Time.**

We know that every minute of downtime goes directly to your bottom line. That is why we reengineered a complete line-up of seven commercial vacuums designed to boost productivity. And why we include insightful design elements that keep machines running – not waiting for repair.

**Quality. Guaranteed.**

The Quiet Clean uprights are built in our North American facility to withstand the rigors of commercial use, day after day. Most Sanitaire vacuums are backed by the two year Sanitaire Promise of Performance.

**U.S. GREEN BUILDING COUNCIL™**  
Certified and recognized member, Sanitaire

**CRI SEAL OF APPROVAL**  
Industry approved, exceptional results

**2 YEAR WARRANTY**  
The Sanitaire Promise of Performance™

SC9150

**TWO-MOTOR UPRIGHTS SET THE STANDARD.**

The innovative Sanitaire Quiet Clean lines include multiple platforms. The powerful, 2-motor uprights are durable, versatile, easy to use and a breeze to maintain. Available with and without attachments, and with features such as large capacity, easy drop in bag system, quick change power cords and sealed HEPA filtration, these cutting edge cleaners are exactly what you need for your business.

SC889

**A NEW CLASSIC.**

Our classic, traditional upright model brings with it decades of proven performance with new innovative features. Just flip the switch and go from normal to Quiet Clean mode without any substantial trade-off in cleaning performance.

SC412

**MANEUVERABILITY, REFINED.**

For those who need to move in and around a multitude of obstacles, look no further than the Sanitaire back pack cleaner. It's lightweight and powerful – equipped with a comfortable harness that quickly adjusts to any operator. The wide assortment of accessories includes curved aluminum wands and multiple tools for all of those hard-to-reach places.

SC5713

SC5815

SC5845

**SMOOTH AND QUIET SINGLE-MOTOR UPRIGHTS.**

Our reengineered single motor uprights come with enhancements such as the new TrueBalance brushroll and an innovative dampening system that provides smooth operation for quiet performance. But we kept the important features such as the sealed HEPA filtration system and on-board tools such as an oversized diameter hose that resists clogging and stretches to 10 feet.

**QUALITY YOU EXPECT. FEATURES YOU NEED.**

Part of Sanitaire's Green Clean line, these models combine the ruggedness of our time proven platforms with improved filtration systems. The traditional upright models feature the same design and powerful cleaning that you have come to expect with the dual zipper, easy access bag system. Choose from the Duralite lightweight that only weighs 10 pounds, to the 7 amp traditionals, to the two-motor compact upright with its folding handle that makes it easy to store and transport. All of these models are CRI approved and are built to work day after day.
