

CVR200 | Targus 16" Laptop Sleeve

The Targus laptop Sleeve can be used as a stand-alone case or to compliment your existing laptop carrying case. It features a neoprene exterior, which provides protection for your laptop and soft comfortable carrying handles. This slip case accommodates laptops with screens up to 15.4" and even with its compact form factor has ample space in the front and interior storage section for business cards, pens and files.

Neoprene material used to provide protection for 15.4" screen laptops and softer carrying handles

Front storage section includes business card holder, pen loops and key clip

Main compartment also contains extra pocket for files

Targus shoulder strap included for comfortable transport
