## 108.2 document shredder

Professional shredder ideal in central location for a small, busy office

- Automatic start/stop control via electronic eye
- Reverse button to release overfed paper
- Auto stop and container full indicators
- Hardened 100% solid steel cutters can handle occasional standard paper clips or staples
- Shreds credit cards in addition to paper
- Motor with thermal protection
- Powerful, specially adjusted drive for high performance and longer periods of use
- Cutting rollers with patented V-groove complete with a lifetime warranty
- Energy Management Control System Zero Power: particularly low power consumption of 0.1 watt in standby mode
- Tried and tested closed-tooth wheel drive prevents penetration of dirt and slows wear, increasing the service life
- Enclosed housing protects against the spread of paper dust
- Cross cut shredders should be oiled regularly to maintain top working condition. Optional auto-oiler available for cross-cut model.
- Uses a 13 gallon capacity shred bag; Part #HSM1408
