MondoHub

Adds 28 ports including 4 USB 3.0 ports to any computer
Part No.: 161718

The Manhattan MondoHub features a high-capacity 4-amp power adapter and has enough ports to manage a growing collection of USB-enabled devices. Unlike some other large-capacity USB hubs available on the market, the MondoHub features four SuperSpeed USB 3.0 ports and can recharge devices or transfer data at lightning-fast speeds.
The compact and durable case features the power and hub-to-PC ports on a side panel to help better organize connections and minimize cable clutter. This high-quality USB hub also features automatic overcurrent protection for each port and hot-swapping plug-and-play connection. With a power switch for each port, the MondoHub gives users complete control over which devices are using power or valuable system resources.

Features:

- Provides 28 Hi-Speed USB ports for additional peripherals
- 24 USB 2.0 ports
- Four USB 3.0 ports
- Replaces less-capable hubs with compact multiport design and high-capacity 4-amp power adapter
- Conveniently recharges mobile devices and connects flash drives, receivers, card readers and more
- Switch each port on and off individually
- Overcurrent protection; hot-swappable
- Compatible with all USB-equipped computers
- Plug and play; Windows and Mac compatible
- Lifetime Warranty

Specifications:
