

## A speedy start to the work day.

The **TTPROXEK Proximity Time Clock System** simplifies and automates employee time and attendance processing. The system uses RFID proximity badges to instantly record employee punches. Keypad enables optional supervisor-approved pin number entry. Manages weekly, bi-weekly, semi-monthly, or monthly pay periods. Includes TimeTrax<sup>TM</sup> time and attendance software download and 15 proximity badges. Edit employee time cards and run reports, including Time Card, Attendance, Employee Punch, Detail Payroll, Employee Detail, Hourly Summary and Employee Seniority reports. Automatically calculates employee hours, overtime and holiday hours. Creates export files for most major payroll provider, including **ADP<sup>®</sup>, Fidelity<sup>®</sup>, Heartland<sup>®</sup>, and PayChex Preview<sup>®</sup>**.

Directly syncs with **Quickbooks<sup>®</sup>**. Simple to setup and easy to expand with employee upgrade packages, additional

- Reads Radio Frequency Identification (RFID) proximity badge and key fobs
- Audible beep and card number screen display confirms successful employee punch
- Eliminates need for paper time sheets or time cards
- Includes TimeTrax<sup>TM</sup> time and attendance software
- Automatically downloads employee punches to PC software
- Accommodates unlimited employees with **Employee Upgrades** and additional **Proximity Badges<sup>1</sup>**
- Enables employee time card editing
- Features payroll reports
- Manages weekly, bi-weekly, semi-monthly or monthly pay periods

<sup>1</sup>TTPROXEK kit includes terminal, 50-employee software package & 15 proximity badges. Employee software upgrades, key fobs, RJ45 cable, UL power supply, additional proximity badges & terminals sold separately.
