- **Brilliant, true-to-life colors** — amazing, 48-bit color depth
- **Do more** — Hi-Speed USB 2.0

Epson Perfection V550 Photo Color Scanner

Performance. Quality. Versatility.

The Epson Perfection V550 Photo features amazing performance and versatility for any project. 6400 dpi resolution ensures images are sharp and vivid, whether you're scanning film, slides, negatives, photos or everyday documents. And, it makes it easy to create enlargements up to 17" x 22". The V550 Photo will automatically upload your scans directly to Facebook, Picasa, popular cloud services and more.¹ Plus, at the touch of a button, you can restore old photos and negatives, thanks to Easy Photo Fix. Or, use DIGITAL ICE to remove the appearance of dust and scratches on film. The V550 Photo features energy-efficient, ReadyScan LED technology for high-speed scanning with no warmup time.

Outstanding resolution for extraordinary enlargements

Featuring an optical resolution of 6400 dpi, plus a 3.4 Dmax, the V550 Photo makes it easy to achieve amazing reproductions up to 17" x 22". It also features a 48-bit color depth for exceptional clarity and color.

Powerful productivity and versatility

Scan multiple 35mm slides, negatives and medium-format film up to 6 x 22 cm, at one time, with the built-in Transparency Unit. Also, scan multiple photos at one time. Auto edge detection technology automatically detects the size of each image, crops it accordingly and saves it as an individual file.

Scan and share instantly¹

Epson makes it easier than ever to share special moments instantly. Just scan your favorite slide, negative or photo and automatically upload it to Facebook, Picasa and other photo-sharing web sites. You can even upload your child's artwork to share with family and friends.

ReadyScan LED technology

This energy-efficient light source uses less power, while offering faster scans. There's no warmup time required. Best of all, with no mercury included, this LED technology is better for the environment than traditional cold cathode fluorescent lamps.

Easy Photo Fix

Restore faded color photos, slides and negatives back to their original brilliance with Easy Photo Fix scanning technology, exclusively from Epson. Just scan your old family photos and renew the color with one click.

Before

After

One-stop photo restoration with DIGITAL ICE

Eliminating the need for costly photo retouching services, DIGITAL ICE makes it easier than ever to achieve remarkable scans. This innovative technology removes the appearance of dust and scratches on film.
