Xtreme™ High Bright Outdoor Displays

Advertisement for Fitness Gym Center. The poster features a large red chevron pointing right, with the text "FITNESS GYM" in large white letters and "CENTER" in smaller white letters below it. The background of the poster shows a person in a black and red striped shirt performing a pull-up on a bar. In the bottom left corner, there is a small logo with the text "JOIN NOW" flanked by two vertical bars.

Advertisement for Travel. The poster features the word "TRAVEL" in a small font at the top, followed by "Explore" in a large, elegant script font, and "THE WORLD" in a small font at the bottom. The background shows a person in a blue shirt walking through a doorway.

Advertisement for a watch. The poster features the word "WATCH" in a small font at the top, followed by a large, stylized image of a watch face. The background is dark and textured.

XtremeTM High Bright Outdoor Displays

UNMATCHED DISPLAY CAPABILITIES

There has never been an outdoor daylight readable display built to withstand the harsh outdoor elements like the **Peerless-AV[®] XtremeTM High Bright**.

With unmatched capabilities, Xtreme High Bright Outdoor Displays are the perfect digital signage or entertainment solution for any professional application. Offering top-of-the-line outdoor video quality, along with the durability & longevity backed by a two-year warranty, Peerless-AV Xtreme High Bright Outdoor Displays will take your business to the next level.

peerless-AV[®]
Driving Technology Through Innovation

PRODUCT FEATURES

WEATHERPROOF TECHNOLOGY

With an IP66 Rating & a patented thermal exhaust system, the Xtreme™ High Bright Display is fully sealed & protected against water, dust, moisture & insects.

BEST-IN-INDUSTRY TEMPERATURE RANGE

With an operating temperature range of -31°F to 140°F, the Xtreme™ High Bright Display is designed to thrive outside year-round, without worry of extreme hot or cold temperature waves.

RESILIENT IK10 RATED COVER GLASS

The Xtreme™ High Bright Display's robust IK10 Rated, anti-reflective cover glass helps protect the screen against vandalism & debris.

APPLICATIONS

The perfect digital signage or entertainment solution for any professional application.

MASS TRANSIT | QSR | STADIUMS

model number: **XHB554 (55")**

TRULY SUNLIGHT READABLE

The Xtreme™ High Bright Display is optically bonded which increases the perceived contrast ratio & cuts down on glare, providing amazing picture quality, even in direct sunlight.

MANAGED SERVICES COMPATIBLE

Remote & local monitoring is supported via IP Addressable user interface, allowing network operation centers the ability to view real-time diagnostics & measure proof of performance of Xtreme™ High Bright Displays.

HIGH BRIGHT OUTPUT

The Xtreme™ High Bright line of commercial displays offer 2500nits of light output to combat high ambient lighting conditions. The Ambient Light Sensor automatically adjusts brightness, which optimizes the display's power consumption & enhances the viewing experience.

Refer to product sell sheet for technical information.
