

# HSM® SECURIO

## P40 professional shredder

### Large Volume, High Performance

- Uses Energy Management Control System (EMCS) to deal with energy in a sensible manner by reducing energy consumption up to 90%
- Automatically switches to energy-saving mode in 2 minutes after last use; switches off entirely if not used for 1 hour; temporary mode for small shredding jobs; and permanent mode for large shredding jobs
- Multifunctional control key with reversing function
- Shred bin level indicator
- Folding safety element
- Cutting rollers are V-TEK by HSM with specially hardened steel rollers. This optimum design of all cutting unit components saves valuable energy.
- Continuous duty operation
- Special CD waste container included for separation of shredded material
- Automatic oiler for cross-cut version only
- Equipped with Anti-Jam Technology to easily and quickly reverse out paper in the event the machine is overloaded
- 58 gallon waste bag capacity; Part #HSM2117
