Overview:

Aluratek's Digital Photo Frames are a wonderful way to bring your treasured photos and memories to life with incredible image clarity in rich and vibrant colors all on the TFT true color LCD at 1024 x 600 resolution at an ideal 16:9 aspect ratio. The functional and stylish frame makes a great addition to any room of your house or office environment. With 4GB of built-in storage, memory card reader and USB support, it is easy to transfer and store all your favorite photos, videos and music.

What separates Aluratek digital photo frames from other brands is picture quality, ease of use, and affordability. You will not find a better quality image or video than what an Aluratek digital frame can deliver thanks to the best quality "true digital" LCD panels that are available on the market for production. Combined with an easy-to-use interface, wide format support, auto on motion sensor and the simplicity of automatic playback, Aluratek digital photo frames are the best choice for storage and sharing of your precious memories with family, friends, and coworkers.

Features:

- View hi-quality digital photos on the 10" TFT true color LCD at 1024 x 600 resolution (16:9 aspect ratio)
- High quality frame with built-in speakers and easy to use controls
- Supports various picture, video and audio formats as most file formats are automatically recognized
- Configure photo slideshows to play in various display and transition modes set to background music
- Supports SD / SDHC memory cards (up to 32 GB)
- Connect a USB hard drive (power adapter required), USB flash drive or SD card to easily access and share your favorite pictures, music, or videos
- Transfer and store files quickly and easily from your personal computer to the frame's 4GB built-in memory with USB 2.0.
- Includes built-in clock, calendar and auto on / off timer
- Built-in motion sensor - frame will automatically turn on when movement is detected up to 10 feet away
- Frame adjustable for vertical orientation
- Great for use as a digital signage solution
- Compact remote is included for ease of operation and control
- Limited 1 Year Warranty

Digital Signage Solution

Aluratek's Digital Photo Frames are a great digital signage solution. Place on any sturdy table surface or mount the frame on a wall in your place of business to enhance your message to your customers. Showcase videos of your product or service in action or play a greeting message, tutorial or educational video. You could also use pictures in slideshow mode to tell a story, display business hours, sale items, specials and menu boards, etc. The possibilities are endless!

Multimedia Experience

View pictures, set-up photo slideshows set to background music and watch videos easily on the TFT true color LCD panel at amazing resolutions. With 4GB of built-in storage, memory card reader and USB support, it is easy to transfer and store all your favorite photos, videos and music.

Motion Sensor Activated

The frame will automatically turn on when movement is detected and resume slideshow or video play. The frame will automatically shut off if no motion is detected so you don't have to unplug your frame before going to sleep, leaving the office or worry about wasting energy.

User Friendly Design

Aluratek digital photo frames are easy to use. The user interface is designed to be intuitive and easy to navigate with no required setup and no software to install. A compact remote is included for ease of operation and control.
