# Blu-Link™ Multi-Host Bluetooth Keyboard

## Pairs Up To 8 Devices

One keyboard for all of your devices, the Multi-Host Keyboard pairs with up to 8 devices simultaneously--switching between them 'on the fly.' Its LCD window indicates your active device, while an LED shows pairing and battery status.

## Sleek and Compact

The compact Blu-Link Multi-Host Bluetooth® Keyboard eliminates desktop clutter! Providing typing on your computer, tablet and smartphone, it takes the 'hunt and tap' tedium out of typing on mobile devices.

## Supported Devices

The Blu-Link Multi-Host keyboard enables typing on any Bluetooth-enabled device (e.g., Windows-based PC, Apple Macs, iPhones and iPads, Google Chromebooks, Nexus tablets, and all popular Android-based PCs, tablets and smartphones).

## Benefits

- Use one wireless keyboard with all devices
- Eliminates the tedium of typing documents on mobile devices
- Switches to any of up to eight devices "on the fly."
- Sleek size is perfect for use in tight spots
- Optimizes typing ease and accuracy
