INFORMATION

The ROCCAT™ Ryos MK Pro – Mechanical Gaming Keyboard With Per-key Illumination, the most advanced, most customizable mechanical keyboard ever – NOBODY comes close! With an eye-watering number of configuration options, fully-configurable per-key illumination and high-quality CHERRY® MX key switches, you can break out – and unleash the gaming beast within.

ADD LIGHT TO YOUR ARSENAL

Extensively customizable, ROCCAT™-pioneered per-key illumination in two convenient modes, automatic and manual, ensures you'll have the edge on your opponents in the heat of the battle.

CHERRY® MX KEY SWITCHES

Equipped with high-quality CHERRY® MX mechanical key switches. A staggering 50 million key stroke durability and your choice of brown, black, blue and red switches – suiting every gamer.

LET YOUR DEVICES TALK

With ROCCAT™ Talk® you can get more from your ROCCAT™ devices by having them communicate with each other, arming you with unrivaled command power.
