SMK-Link Electronics
RemotePoint™

Global Presenter

Present with Confidence

Confidence comes from being in complete control of your presentation. From your opening remarks to your closing comments, use the RemotePoint® Global Presenter to change slides, highlight key points and give more effective presentations.

Give Memorable Presentations

Freely interact with your audience even in larger rooms. Gesture, make eye contact and speak to your audience while you walk through the room and wirelessly control your presentation.

Simple and Reliable

Insert the batteries, plug the USB receiver into your PC or Mac® and you're up and running in less than one minute with no software required. Trusted by professional speakers around the world for performance and dependability.
