

Konftel 800

True Conference Delight

reddot award 2019
winner

Hybrid conference phone with intuitive interface. OmniSound® audio technology brings a natural sense of presence to the dialog. Suits everything from small to extra large meeting rooms, thanks to optional Konftel Smart Microphones and daisy-chain capabilities. Konftel 800 brings true delight to all kinds of distance meetings.

The Konftel 800 offers remarkable flexibility as a powerful conference audio device for today's communication and collaboration services, whether in the cloud, on premise or in hybrid environments. It connects via SIP, USB and Bluetooth®. The platform enables BYOD for web and video meetings where you can also invite participants via regular phone calls. We call it hybrid conferences. There are several options for easy device management and auto-provisioning, including Konftel Zero Touch Installation. The Konftel 800 has won a Red Dot Award for its product design.

NO EXPLANATION NEEDED

There are two superb ways for the user to easily interact with the Konftel 800. The built-in color touch screen presents the available features and actions with icons, complemented by volume and mute buttons. The conference phone can also be managed effortlessly through the Konftel Unite mobile app, supporting one touch conferencing and calling personal contacts.

BEST IN CLASS

Leading analysts Frost & Sullivan have recognized the Konftel 800 with a Product Leadership Award. They particularly highlight how effortlessly the conference phone delivers outstanding sound in video solutions for medium and small meeting rooms. "Konftel 800 is a safe, future-proof audio endpoint choice," says Frost & Sullivan.

OMNISOUND FOR POWER AND CLARITY

Konftel's refined audio platform OmniSound® works actively to keep the dialog flowing in your meeting. In the Konftel 800, the result is particularly powerful and clear sound that allows participants to relax, knowing that they can hear well and be heard. This creates a natural sense of presence.

Expand the Konftel 800 into really large rooms

EXPAND THE VOICE PICK-UP

With the Konftel Smart Microphone, you can expand the pick-up range to handle larger conferences. Connect one or two expansion microphones, depending on the size of the room. The Konftel Smart Microphone has built-in cancellation of echo and background noise through OmniSound®.

MAXIMIZE THE AUDIO EXPERIENCE

The cascading feature extends both the sound distribution and pick-up range for maximum coverage, giving you rich and full audio even in extra large rooms. Up to three Konftel 800 devices can be daisy-chained by cable, completely without hassle and complexity.

CLIMATE NEUTRAL PRODUCTS

Konftel is certified in line with the Climate Neutral standard. This means that we have offset all our greenhouse gas emissions and are taking action to further reduce those emissions. When you choose a Konftel product, you keep a clear climate conscience while supporting your organization's growing need for video collaboration.
