

# Single-Display Flex-Arm Desktop Clamp for 17” to 32” Flat-Screen Displays - USB and Audio Ports, Aluminum

MODEL NUMBER: DDR1732SAL

Aluminum desk clamp mounts your 17 to 32 in. monitor at a comfortable height to free up valuable space on your desk or work area.

## Features

### Rugged Aluminum Desk Clamp Lifts Your Monitor Above Your Work Area’s Surface

This VESA-compliant desktop clamp mounts a flat-screen display above your desk, table or workstation, allowing you to free up valuable surface space. Recommended for home or office use, the DDR1732SAL fits most flat-panel monitors from 17 to 32 inches. The durable aluminum frame tolerates frequent adjustments, and the swiveling aluminum arm supports up to 19.8 pounds. Instead of clamping the unit to your desktop, you may install it using the included grommet. All hardware is included. Cable management brackets along the arms prevent excess cord clutter.

### Swivel, Tilt and Rotate the Screens to Find the Most Comfortable Viewing Angles

The flex arm adjusts independently to optimize viewing angles, minimize glare and improve ergonomics. To minimize screen glare, reduce eye fatigue and increase viewing comfort, the mount features -90° to +90° tilt, -90° to +90° swivel and 90° rotation for positioning your screen. Easy screen adjustment lets you quickly find just the right angle without interrupting your workday.

### Connect Your Favorite Devices to Help You Get Through the Workday

The base of the DDR1732SAL features a USB 3.0 port for connecting a smartphone or other USB device. Two 3.5 mm audio jacks allow connection of a microphone and speakers.

### VESA-Compliant Mounting Ensures Display Compatibility

VESA (Video Electronics Standards Association) promotes uniformity in the video electronics industry by developing standards for TVs and monitors. For hassle-free display compatibility, this monitor stand supports the following VESA mounting hole patterns: 75 x 75 and 100 x 100.

## Highlights

- Sturdy aluminum frame clamps securely to your desk for mounting your display
- -90° to +90° tilt, -90° to +90° swivel and 90° rotation help you find the perfect angle
- Base includes a USB 3.0 port and dual 3.5 mm audio ports for connecting peripherals
- Durable aluminum flex arm blends into any décor and supports up to 19.8 lb.
- VESA compliance ensures compatibility with 75 x 75 and 100 x 100 mounting patterns

## Applications

- Lift a monitor above your standing desk or workstation to free up valuable surface space
- Swivel, tilt and/or rotate your screen for the most comfortable viewing angle

## System Requirements

Flat-screen monitors from 17 to 32 in.

## Package Includes

- DDR1732SAL Single-Display Flex-Arm Desktop Clamp
- Mounting hardware
- Owner’s manual
