BASIC INFORMATION

Product Name 14.1" Portable DVD Player with Headphones, Remote Control and Carrying Case

Description Bring entertainment on the go with the Core Innovations 14.1" Portable DVD Player. Tilt and swivel the adjustable screen 180 degrees for optimal viewing from any angle. Use the built-in stereo speakers to play content out loud, or plug in the included headphones for an immersive experience. Connect the player to your TV to share photos, listen to your favorite songs and watch videos from a disc or micro SD card on the big screen – and use the included remote control, so you can sit back and relax while doing so. Charge up the battery when you're home, then pack the player in its matching carrying bag so it's ready to go when you are!
